Solutions for Sustainable Development of Vietnam's Pig Farming

18 OCTOBER 2018

Seminar Room B - Inside Hall A2 (Ground Floor)

09:45~10:30

Meat Quality and Productivity of Canada Boar Mr. Danh Phan

Director,
Xuan Phu Livestock Cooperative

Synopsis:

- Xuan Phu Corporative is a financial member of:
- The Canada Center for Swine Improvement (CCSI) and The Canadian Livestock Records Corporation (CLRC)
 - At Xuan Phu Corporative, we produce our purebreds are independently verified by the CCSI and we can issue the Pedigree Certificate for five GGP generations or more from the CCSI.

The following are the characteristics of our

- Canadian GGP when bred with F1 (2 blood) sows
- 1) Marbling throughout the body (IMF)
 - 2) Fast growing compared to all varieties of breeds available on the market
 - 3) For finishing pigs, don't produce excess fat when reach > 100kg live weight
 - 4) Super lean, good quality meat,
 - 5) Improve CFR, reduce feed cost
 - 6) Piglets are uniform, mortality rate is low during growing-finishing.

(IMF Pork tasting: 17-18 October, 2018, at Booth no. H01 from 10.am to 3.pm)
